

## BUSINESS PROFILE

### Overview

Indus Enterprise, established in 2024, is a dynamic company dedicated to delivering top-notch engineering and architectural services, along with high-quality engineering products, primarily in West Africa and the Middle East.

Our expertise spans a range of services including load calculations, design concepts, and 3-D visualization. At Indus Enterprise, we are committed to excellence, innovation, and client satisfaction.

### Our Vision

Our vision is to become a leading provider of engineering and architectural solutions in the regions we serve, recognized for our commitment to quality, innovation, and reliability. We aim to create value for our clients through exceptional service delivery and innovative solutions that meet their specific needs.

### Services

#### 1. Engineering Services:

Our team of experienced engineers delivers comprehensive engineering solutions tailored to meet the unique requirements of each project. Our services include:

- **Load calculations**
- **Structural design concepts**
- **3-D visualization of projects**

#### 2. LPG Bottling:

At Indus Design Studio, we leverage this rich background to provide comprehensive consultancy services tailored to your needs. For the Indian market, I specialize in designing conveyor layouts and filling equipment that align with the stringent safety and operational guidelines set by OISD 144 & 169 in their versions and other regulatory bodies. This expertise also enables me to work on LPG Bottling projects complying the codes under NFPA58 & SANS10087.

My focus is on delivering solutions that are not only efficient but also compliant with industry standards, ensuring smooth and safe operations.

### 3. Engineering Products:

We supply high-quality engineering products that are essential for various industrial applications, coming to Cylinder Bottling/re-filling, we are able to deliver Skid Mounted LPG Cylinder filling solutions for Retail Outlets.

### 4. Architectural Services:

We offer a full range of architectural services that blend creativity with technical expertise to create aesthetically pleasing and functional spaces.

## Leadership

Indus Enterprise was founded by Satyasheel Patki, a seasoned professional with over a decade of experience in the OIL & GAS engineering sector. Satyasheel holds a degree in Electronics and Communication Engineering and a formal postgraduate degree for Business Optimization and Marketing. His extensive industry experience and academic background equip him with a unique blend of technical expertise and business acumen.

### The Founder - Satyasheel:

- **Background:** *With 10 years of hands-on experience in the oil and gas engineering industry, Satyasheel has honed his skills in delivering complex engineering projects.*
- **Education:** *He holds a degree in Electronics and Communication Engineering and a postgraduate degree focused on Business Optimization and Marketing.*
- **Expertise:** *Satyasheel's expertise has been shaped by industry leaders, and he is well-versed in the latest engineering practices and technologies. His commitment to excellence ensures that Indus ENTERPRISE consistently meets and exceeds client expectations.*

## Why Choose Us

- **Quality Assurance:** We adhere to the highest standards of quality in all our projects, ensuring reliable and durable solutions.
- **Innovation:** Our approach combines innovative design and cutting-edge technology to deliver exceptional results.
- **Client-Centric:** We prioritize our clients' needs, providing customized solutions that align with their goals and objectives.
- **Expertise:** Our team brings a wealth of knowledge and experience, ensuring competent and efficient service delivery.
